

Jazz Band Terminology 1

8/23/17

1. What are scale degrees?

The different numbers given to each note of the scale--usually 1 through 7, with 8 being the same as 1 again an octave higher.

2. Difference between a major and mixolydian scale?

On a mixolydian scale, the seventh note is lowered by a half step.

3. What seventh chord comes out of a major scale? Formula?

A major seventh chord comes out of the major scale. Formula is 1,3,5,7

4. What seventh chord comes out of a mixolydian scale?

Formula?

A dominant seventh chord. Formula is 1,3,5, b7
